Memorandum	Subject	Content
B01 February 2, 2016	Guide to Pupil Accommodation Reviews	In March 2015, the Ministry released the new Pupil Accommodation Review Guideline (PARG) as part of the School Board Efficiencies and Modernization strategy to provide incentives and supports for school boards to make more efficient use of space. The new PARG allows boards to have a more effective tool to address their needs to close and consolidate facilities, while continuing to ensure that communities have the opportunity to provide meaningful input. To support school boards in carrying out this important work, the Ministry is pleased to announce the release of the new Guide to Pupil Accommodation Reviews (“the Guide”). This document is intended to assist boards as they communicate with parents and guardians, students, and other community members about the accommodation review process.
B02 February 4, 2016	Syrian Newcomer Settlement in Ontario – Financial Reporting Requirements for Funding Purposes	<p>The purpose of this memorandum is to provide school boards with information regarding funding and extraordinary expenses in relation to new students resulting from the resettlement of Syrian newcomers. This is a follow-up to the memorandum of December 4, 2015, titled “Syrian Refugee Settlement in Ontario”, from Deputy Minister George Zegarac.</p> <p>To help meet this commitment, the ministry is now asking school boards to collect information about these new students and the programs and services provided to meet their needs. As detailed below, the requested information relates to three areas:</p> <ol style="list-style-type: none"> 1. 2015-16 GSN Funding For Transfer Payment Purposes 2. Tracking of Enrolment for the 2015-16 School Year 3. Tracking of Incremental Costs for the 2015-16 School Year
B03 February 22, 2016	Compensation Framework for non-unionized school board staff that are not at the executive level	This memorandum applies to employees that are not represented by a sector-specific professional organization, bargaining groups that were not part of the Provincial Discussion Table and groups of employees who have not formed or joined a union. As a reminder, under the Broader Public Sector Accountability Act, 2010 (BPSAA), the government has frozen salaries for designated executives at hospitals, universities, colleges, school boards and provincially owned electricity companies that earn more than \$100,000 a year. All aspects of compensation plans for these employees are frozen, and base salaries cannot be increased. In addition, the overall performance pay envelopes of these designated employees are frozen. Boards may negotiate or otherwise provide compensation increases for their non-union employees who are not covered under the BPSAA. Such compensation increases should not exceed that which has been negotiated with the teacher federations and education worker unions. As such, non-unionized employees not

Employees who receive their compensation increases on dates other than the first day of the school year (e.g., on their anniversary dates), the 0.5% maximum increase would be effective mid-year from the date on which the employee received the 1% increase in 2016-17. The intent of the CPC program is to support boards as they undertake additional capital planning activities to make efficient use of school space, as funding supports for underutilized space (top-up funding) are phased out. The program has been allocated \$8.3 million annually for four years (beginning in the 2014-15 school year), which is closely aligned with the phase out of top-up funding and the duration of the School Consolidation Capital funding program.
